Small Works Roster, Vendor List & Consultant List

Effective February 1, 2023, Clark-Cowlitz Fire Rescue has transitioned our Small Works Roster, Vendor List and Consultant List to the Municipal Research and Services Center of Washington (MRSC) shared online database.

MRSC allows contractors and consultants to provide their information to local governments within Washington State. MRSC Rosters is a convenient, cost-effective and efficient way for agencies to find qualified bidders and solicit quotes. Local governments within the State of Washington, including Clark-Cowlitz Fire Rescue, access the MRSC online database to search for eligible contractor and consultant service providers by service category.

Registering Your Company

Please register your company with MRSC Rosters. Once you've created your account through MRSC Rosters, you do not need to log in again unless you need to update your information.

Contractors have the option of indicating they are available for small public works projects for multiple agencies. Contractor registering with the free membership are limited to registration with nine agencies. Business membership pricing may be found at MRSC Business Membership Pricing. Please see the MSRC Business FAQS for more information about the program.

Important Notice

Clark-Cowlitz Fire Rescue will contact you by email so make sure you check your email regularly and update your account information if you've changed your email address.
